# LEADING INCOME

## REVENUE SHARE PAYOUT

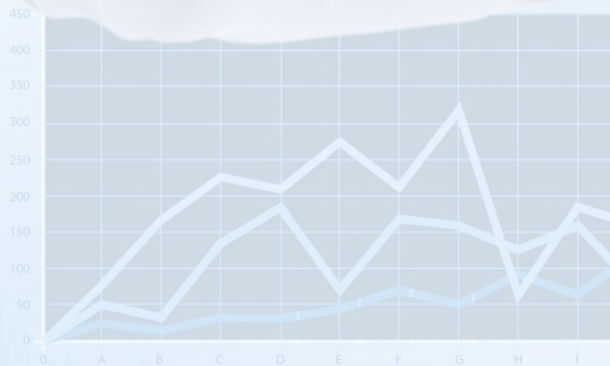

- When users introduce direct and engaged members to our platform, they're in line to receive a daily revenue share payout, equivalent to 5% of the daily ROI earnings generated by their referred members. This lets you enjoy a share of your downlines' daily accomplishments.
- As your network does well, so do you, because we appreciate your role in making it grow. This is a strong method to make the most of what you earn while also helping a lively community thrive. Come team up with us and see how your income expands.
- Your earnings will be deposited into the REVENUE WALLET, accessible for withdrawal on both the 5th and 20th dates of every month. Moreover, users have the option to REDEEM this payout to PURCHASE A NEW PACKAGE.
- Consider, a user who has successfully brought a network of 50 direct and engaged users. The cumulative daily Return on Investment (ROI) for this network is \$10,000. Following the 5% revenue share model, the user would be eligible for a payout of \$500 based on this ROI.

# ADDITIONAL GROWTH

- Gain a more attractive boost of 20% on the cumulative binary income that you have earned.
- Here, you will receive an additional amount that is 20% of the total income you have earned from these sources. This extra amount is referred to as a "boost" or "bonus," and it is meant to make your overall earnings more appealing or advantageous.
- In other words, you'll get an extra 20% on top of the money you've already made from binary activities. This offer aims to make the opportunity more appealing by providing this additional income.
- Consider you've earned \$500 through binary income. Now, envision enjoying an extra benefit that amounts to 20% of your \$500 earnings. This makes the proposition even more exciting.
